Noah Wright, Age 2

MIRANDA BOLTIN

Miranda and her brother, Stephen, were born in Mobile, Alabama. Miranda attended Baker High School. She is currently working for Trubidge and trying to work her way up the corporate ladder. Miranda's son Noah was born in Mobile, Alabama. He always brightens the room and is Miranda's motivation. Noah keeps everyone on their toes. Miranda and Stephen's parents are divorced, but they provide support when their children are making big, life changing decisions.

They attend River of Life Church in Semmes, Alabama every Sunday with their older sister, Megan, and their nephew, Drake.

Miranda's goals are to attend the University of South Alabama in 2018. She wants to receive her Master's degree in Business. She hopes to one day own her own business, although she has not decided exactly what type of business it will be. She feels she is a good leader and is being lead to open her own company. She also wants to grow closer to the Lord and be the best example for her son and family.

Stephen attends BC Rain High School. He's very focused on his schoolwork and attends various after school programs. He makes the A-B Honor Roll every year. He recently achieved a 32 on his ACT, in which he received offers from Yale, Harvard, and several other Ivy League Schools. Stephen was in band his 9th and 10th grade year. Miranda and Stephen are both talented piano players.

Miranda said this about owning her own home, "It will allow me to be more organized and stress free, which will allow me to achieve my goals. Noah will have a yard to play in and a forever home that he'll get to grow up in."
